None

IBD Inputs Approval Program is accredited by IOAS in accordance with the international standard ISO 17065, and evaluates the possibility of using certain inputs in accordance with the main guidelines and standards for organic production. This declaration does not allow to name the input itself as organic and is only valid for the approved input and the mentioned responsible unit, in accordance with the mentioned standards and guidelines and the respective purpose of use. In other countries, the use of the input should consider the local legal requirements for the use and marketing of inputs.

This certificate substitutes all previous versions.
